

## Welcome to the ODE Secure Web Portal User Guide

If you followed the directions below and cannot complete the sign-up process for some reason, **please contact the Security Administrator by clicking this link - [Safe.Admin@education.ohio.gov](mailto:Safe.Admin@education.ohio.gov)**

### Secure Web Portal Overview:

Secure access through the ODE Web site involves several steps. First, ODE must be confident the secure account requestor is properly identified. To accomplish this, ODE requires the following information: Ohio Identity Card number or Ohio Drivers License number, date of birth and last four digits of requestor's SSN (Social Security Number). By providing this proper information, the requestor has satisfied the identity proofing criteria required to initiate a secure Web portal account. Completing these series of numbers, prevents duplicate accounts in ODE systems, and dramatically reduces the risk of identity fraud. Once the secure account is created, the owner can use it with multiple applications within ODE, after the account owner is authorized to do so by ODE.

**PLEASE NOTE: UNDER NO CIRCUMSTANCES SHOULD OWNERS OF SECURE ODE WEB PORTAL (SAFE) ACCOUNTS SHARE ACCOUNT NAMES OR PASSWORDS. THIS PORTAL ACCOUNT IS YOUR UNIQUE AND SECURE WEB CONNECTION WITH THE OHIO DEPARTMENT OF EDUCATION. PROVIDING YOUR ACCOUNT INFORMATION TO ANOTHER INDIVIDUAL CREATES AN EXTREME RISK TO THE SECURITY OF YOUR SCHOOL DISTRICT INFORMATION.**

Because SAFE was designed to meet the Ohio Revised Code and Ohio DAS Administrative rules (linked below) requirements regarding electronic transactions, a SAFE user can "digitally" sign a document, just as they would using a pen and paper signature. If you are interested in more information regarding authentication process requirements, please see the Ohio Revised Code Title 13 Commercial Transactions - Ohio Uniform Commercial Code, Chapter 1306, Uniform Electronic Transaction Act, and also the Ohio Department of Administrative Services, Administrative Rule 123 "In response to the Uniform Electronic Transactions Act, Use of Electronic Signatures and Records:"

### WHAT IS SAFE?

The Ohio Department of Education (ODE) launched the Security Application For Enterprise (SAFE) Web portal in May, 2003. SAFE is a Web Portal and a "single sign on" software security solution for ODE customers.

This is a restricted use computer system. Unauthorized access and/or use is prohibited by law. All users accessing this system are subject to having all of their activities on this system monitored and recorded by system personnel. This system may be monitored for a variety of reasons such as maintenance, troubleshooting and investigating suspected or known unauthorized activity. Users should not have an expectation of privacy while using this system.

Anyone using this system expressly consents to having their activities monitored and is advised that if a review reveals possible evidence of abuse or criminal activity, system personnel may provide the evidence of such monitoring to law enforcement and/or appropriate department officials.

The Department of Education is an equal opportunity provider of ADA services.

If you work at the Ohio Department of Education (otherwise referenced as ODE), you will want to place a check mark in the box next to "Check if you are an ODE employee", otherwise leave the box unchecked. Enter your user name in the "User Name" field, then enter the Password associated with that login name. If you are an ODE employee the "User Name" and "Password" will be the same one used to sign into your work computer.

**Why does ODE ask for this?**

First, ODE uses the last four digits of your social security number as part of the automated identity verification process with the Bureau of Motor Vehicles. If the SSN4 provided does not match the information in the BMV database, then automated identity verification will fail and the slower manual process must be followed.

Second, ODE uses the SSN4 as part of identity verification if you later request to change your password.

**What if I don't have a SSN?**

ODE recognizes that not all SAFE account applicants will have a social security number. In this case, the automated identity verification process with the Bureau of Motor Vehicles cannot be used, your only identify verification option is the slower manual process. However, for future password change requests, a number is still needed. Please enter any four digit number you will remember later. If you need to change your password, this number should be entered instead of an SSN4.

NEXT

Please fill in your First Name, Middle Name, Current Last Name, Previous Last Name (if it applies), the last 4 digits of your Social Security, and your Birth Date. If your birth date is January 2, 1990, it should appear as 01/02/1990 in the "Date of Birth" field, select "Next" after you have entered all the required information on the **Basic Information** Screen.

**NOTE:** If you selected "I am applying for an initial (or renewing a previously issued) Ohio Department of Education license or permit" for your "Reason for SAFE Signup", you will be required to enter your full SSN.

Example of what information is required in the **Contact Information**. If your "Physical Address is the same as your "Mailing Address", then place a check mark in the box next to "IS MAILING SAME AS PHYSICAL?"

If you have a valid Ohio Identity card or Ohio Drivers License, please enter the number in the appropriate field on the **Identity Verification Information** section. If you **do not** have a valid Ohio Identity card or Ohio Drivers License, please select “**Valid accepted documents**” to review the acceptable document list before selecting the “Upload Verification Document” button.

You must provide either the License Number that appears on your Ohio Drivers License, or the State of Ohio ID Number, or upload a copy of a Verification Document otherwise an error message appears in **red**.

**NOTE:** The Upload Verification Document process will require more time to perform the appropriate level of identity authentication. Please allow a minimum of 7 days for this sign-up process.

#### View of “Valid accepted documents”

The screenshot shows a window titled "SAFE - Accepted documents" with a close button in the top right corner. The main text explains that the Ohio Department of Education requires all SAFE accounts to be validated against verifiable forms of identification. It states that ID Verification ensures the department can be reasonably sure of the identity of customers using Ohio Department of Education systems, which increases security for all educators, students, and families in Ohio. To provide faster verification, customers can submit current and valid State of Ohio issued Identity card details online that will be verified automatically in SAFE. Acceptable forms of State of Ohio credentials are an Ohio Driver License or State Identification Card, for details see <http://www.bmv.ohio.gov>. If the customer does not have a current or valid State of Ohio Issued identity card their identity will need to be verified with an alternate acceptable form of identity that can be scanned or photographed and submitted online through SAFE. Approved forms of alternate IDs must contain a photo, name, DOB, gender, and ID number. All IDs must be current and valid at the time of submission.

**Specific IDs that are accepted are:**

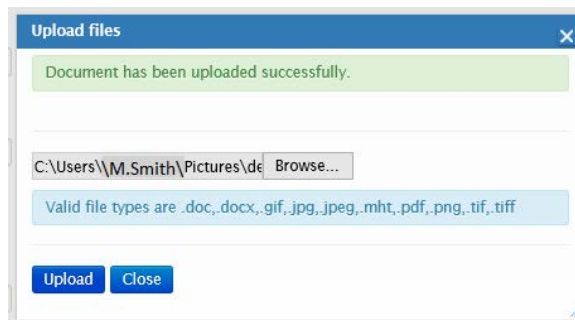

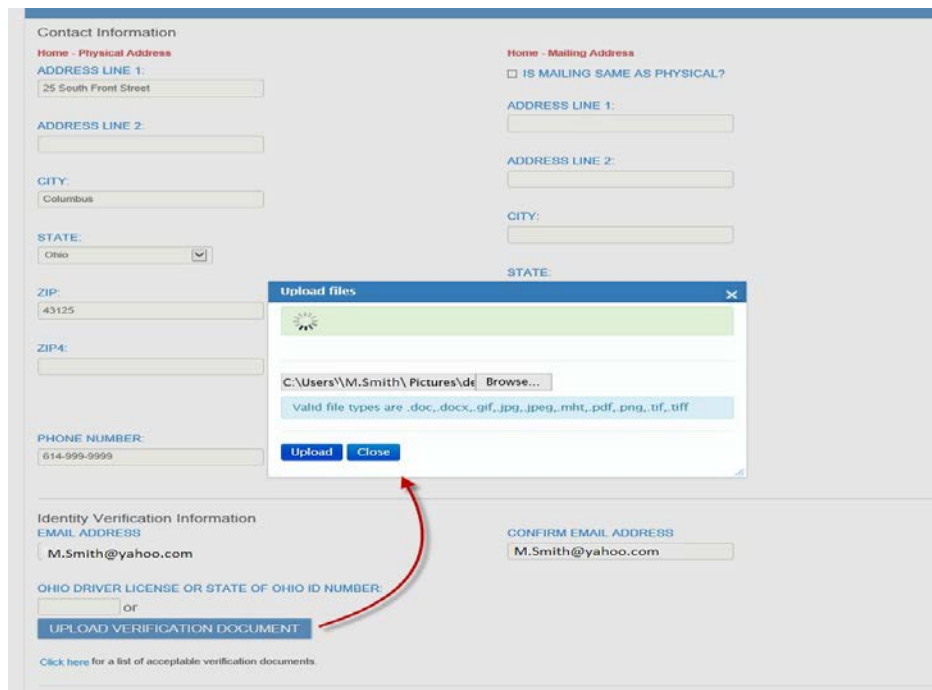

- Driver license or ID card issued by any U.S. State or U.S. Territory provided it contains a photograph, name, date of birth, gender, and address
- U.S. Passport or U.S Passport Card
- US Military ID including Military Dependent's ID
- Foreign passport that contains photo, name, DOB, gender, and ID number
- Foreign passport that contains a temporary I-551 stamp or temporary I-551 printed notation on an immigrant visa
- Permanent Resident Card or Alien Registration Receipt Card (Form I-551)

## Upload Verification Document Process:

Select the “Upload Verification Document” button which will bring up the Upload files message box.

Select “Browse” to locate where you saved your uploaded document, select the correct document, and select “Upload”.

Once the document has been successfully upload, the **green bar** message will appear with the message “**Document has been uploaded successfully**”. At this point you can select “Close”.
